3.    a. Construction Experience:
      
      **Correctional/Detention construction:**

      (1) Successful completion of a minimum of two (2) correctional/detention projects in excess of $10,000,000, total construction value for each project, since January 1, 2006.

2. Only those Contractor[s] determined to be qualified will be Prequalified to Bid.

If a bond is required to ensure performance of a contract, evidence that the Contractor can acquire a surety bond from a corporation included on the United States Treasury list of acceptable surety corporations in the amount and type required by the public body shall be sufficient to establish the financial ability of such Contractor to perform the contract resulting from such procurement.

   c. The Contractor or any officer, director or owner thereof has had judgments entered against him within the past ten years for the breach of contracts for governmental or nongovernmental construction, including, but not limited to, design-build or construction management.
d. The Contractor has been in substantial non-compliance with the terms and conditions of prior construction contracts with the Owner without good cause. If the Owner has not contracted with a Contractor in any prior construction contracts, the Owner may deny prequalification if the Contractor has been in substantial non-compliance with the terms and conditions of comparable construction contracts with another public body without good cause. The Owner may not utilize this provision to deny prequalification unless the facts underlying such substantial non-compliance were documented in writing in the prior construction project file and such information relating thereto given to the Contractor at that time, with the opportunity to respond.

e. The Contractor or any officer, director, owner, project manager, procurement manager or chief financial official thereof has been convicted within the past ten years of a crime related to governmental or nongovernmental construction.

f. The Contractor or any officer, director or owner thereof is currently debarred pursuant to an established debarment procedure from bidding or contracting by any public body, agency of another state, or agency of the federal government.
