Pickens County, SC August 7, 2017 -

The Pickens County Council and county leaders join the city of Simpsonville in mourning the loss of Simpsonville City Administrator Eddie Case.

The city's mayor, Janice Curtis, said today that Case died suddenly from a heart attack. We pray for Case's family, friends and residents he served in both Simpsonville and Fountain Inn.

Pickens County Administrator, Gerald Wilson, said "Losing a leader in the community affects everyone and although his family will feel the biggest loss, others who knew and worked with him will grieve as well. We are definitely thinking of and praying for our Upstate neighbors in the Golden Strip area of Greenville County."

The Pickens County Council will take a moment tonight at 6:30 during a special council meeting to remember Eddie Case.
