Everything's Coming Up Roses: How to Grow Easy Care Roses @ Your Library!

Have you grown roses in the past and seen them fade away? Maybe you think roses are too difficult to grow. Would you like to learn the essentials of successful rose care? Most roses are not hard to grow, you just need to pick the right variety and give them what they need to thrive. Join us at the Hampton Memorial Library in Easley on Saturday, March 25th at 2pm to learn about rose varieties, soil amendments, soil pH, fertilizing, pruning, and other rose care secrets. Have all of your rose questions answered! Moreover, if you have problems with the rose canes on your bushes, bring in a cutting for a diagnosis.

Sheree Wright, American Rose Society Master Consulting and Greenville Rose Society Program Chairman, will present this program. It is free and open to all. For more information, call the Library at 850-7077.

Pickens County is an Equal Opportunity Provider and Employer
