

# Pickens County Museum of Art & History NEEDS YOU...

***Your membership helps make us better!***

Membership helps support the many programs, activities, exhibitions and development at the **Pickens County Museum of Art and History**. The growth, preservation and presentation of the county's Heritage Collection as well as the changing fine art and historical exhibits benefit from member support. Additionally, the **Hagood Mill Historic Site & Folklife Center** can continue to develop as a premier location to preserve the living history of our region.

Membership not only reflects pride in your heritage or your support for the fine arts, but also it is an example of your dedication to the growth and preservation of the community.

*The Pickens County Museum is operated by the County of Pickens and is recognized by the SC Secretary of State's Division of Public Charities as a Charitable Organization. As such, any contributions and memberships to the museum are fully tax deductible*
